The Tech

VOL. XXIV. No. 85. BOSTON, MASS., FRIDAY, MAY 19, 1905 PRICE THREE CENTS.

TECH-HARVARD ALLIANCE

To be Decided Before Commencement. Whether or Not Tech Shall Accept the Proposed Agreement.

The question for so many months undecided as to whether or not Tech should form an alliance with Harvard University, will be at last settled probably for good, so far as the consent of Tech is concerned, at the next meeting of the Corporation to be held just before Commencement. The Faculty have already expressed their opinion on the matter by the almost unanimous vote of 56 to 7 against the proposed agreement, and now it only requires the opinion of the Alumni before definite action will be taken by the Corporation. The mail ballot of all the Alumni will be taken the latter part of next week, after which it only remains for the Corporation to take the final action at the meeting to be held shortly before graduation, for the purpose of making out the diplomas. As the majority of the Executive Committee of the Corporation are strongly in favor of the Alliance, the final outcome at present seems rather uncertain. However, we may well feel assured that the Corporation will do only what is for Technology's very greatest good, and that they will consider above all else, the earnest and sincere opinions expressed by our Faculty and Alumni.

At this critical moment, when the whole future of Technology is at stake, and our Alumni, Faculty and Corporation are so deeply discussing and considering the question, it is only proper that the following general information concerning the proposed Agreement for Alliance and Co-operation with Harvard should be submitted to the students:

The term Industrial Science as used in the proposed agreement, is used to conform with the original publications of the Institute, and not to indicate a separation of instruction as between pure and applied science.

In the present Faculty of the Institute are 65 members. The maximum number which could be added from the Lawrence Scientific School is 16.

The proposed agreement provides that a graduate would receive the Institute degree and diploma exactly as at present. In addition he might receive the same degree, on the same Faculty recommendation, from Harvard University.

No provision is made for instruction in Harvard of students of the Institute in general studies, nor for instruction of Harvard students in the

(Continued on page 3.)

MISTAKE IN SENDING ENTRIES

Track Team Difficulty at Worcester.

Owing to a misunderstanding and mistake on the part of the Tech manager, Tech's entries for the N. E. I. A. A. Meet this Saturday, went astray and were not officially received or recognized. The entries went to F. H. Bigelow at Worcester, who is supervising the management of the games, whereas the proper person was the Secretary of the Association, Mr. Weeks of Wesleyan.

In the official list of entries published on Wednesday, Tech's entries were not included.

Managers Simpson and Mann left for Worcester yesterday afternoon and held a conference with other official representatives. The date of Tech's letter of entry was shown. A telegram to THE TECH late last night, stated that no protest was made, and we will be in the meet.

FRESHMEN WIN, 13—7.

In a game which was rather one-sided and not nearly so interesting as the first one, the Freshmen easily defeated 1907. 1908 went after the game at the start and scored eleven of their runs in the first three innings on good hitting mixed with errors of the Sophomores.

Pritchard pitched a good game and was not hit to any extent except in the fifth inning when 1907 managed to get five runs in. The Sophomores played a ragged game in the field, making many costly errors.

	1	2	3	4	5	6	7	8	9	R	H	E
1908	3	5	3	0	0	0	0	4	0	13	11	6
1907	1	0	0	1	5	0	0	0	0	7	10	14

Batteries: 1908, Pritchard and Williams; 1907, Fuller and Hall. Struck out, by Pritchard, 8; by Fuller, 10. Two-base hits, Pritchard, Ford, Williams. Three-base hits, Boylston, Weinz. Umpire, Blake, '06. Time 2 hours.

This victory of 1908 makes a deciding game necessary. It will probably be played Tuesday, May 23, at the Tech Field, at 3.30 P.M.

B. I. A. A. MEET.

The Meet of the Boston Interscholastic Athletic Association will be held on May 27 at Technology Field under the auspices of the M. I. T. A. A.

Any student who is among the alumni of any of the High Schools competing, or otherwise interested, can get tickets by applying to G. C. Simpson, manager of the track Team.

The High Schools in the B.I.A.A. at present are: Brighton, English, Boston Latin, Mechanic Arts, Dorchester, Roxbury, West Roxbury, South Boston, Charlestown and East Boston.

CLASS DAY

Program of Exercises and Events.

Blanks will be sent to all Seniors, upon which application for tickets and invitations for the various events of Commencement Week must be made. Each man is entitled to four tickets, including his own. To be sure of these, applications must be left with the assessment of five dollars, at the window opposite the Cage, between 1 and 2 o'clock, from Monday, May 22, to Thursday, May 25. Any tickets remaining after Thursday, will be divided among those applying for extra invitations. Twenty-five cents will be charged for extra invitations.

Any one not receiving an application blank should see Class Secretary, R. H. W. Lord.

The program for the week is as follows:

Thursday, June 1. Senior Banquet. Will adjourn to post office for graduation notices. Place and prices to be announced later.

Friday, June 2. Alumni Reception. Seniors will meet on fence opposite Eng. B.

Saturday, June 3. Musical Clubs Concert, Huntington Hall, 8 P.M.

Sunday, June 4. Baccalaureate Sermon, Trinity Church, 4 P.M.

Monday, June 5. Class Day Exercises, Huntington Hall, 2 P.M., followed by Spread on lawn. Senior Dance. Place and time to be announced later. Subscription $3.

Tuesday, June 6. Commencement Exercises, Huntington Hall, 2 P.M. Tech Night at Pops Concert, Symphony Hall, '05 will meet opposite Horticultural Hall at 7.45 P.M.

SUMMER WORK.

The New York Air Brake Company would like from one to two hundred students to work in their shops during the summer vacation at one dollar per day. The work will be along mechanical lines and on machinery, and only men above the first year, or who have had some experience in machine shop work are desired.

For further particulars apply at the Dean's office.

NEW TENNIS COURTS.

A subscription is being taken up for the building of two tennis courts on the M. I. T. athletic field. Members of the instructing staff have generously supplied nearly enough money for the completion of two courts. It is hoped that the remainder of the money may be contributed from some source, for in such case the courts can be opened for use by the students attending summer school.

CALENDAR.

FRIDAY, MAY 19.
1.00 P.M. Meeting of British Empire Association in 22 Rogers. Election of officers.
2.00 P.M. Golf. Tech vs. Williams at the Wollaston Links.
2.00 P.M. Trials for the Worcester Meet.

SATURDAY, MAY 20.
12.08 P.M. Tech Special leaves for Worcester.
2.00 P.M. N. E. I. A. A. Meet at Worcester.

TUESDAY, MAY 23.
8.00 P.M. Technology Club. Smoke Talk by Dr. William Lord Smith on "Shooting Big Game."

SATURDAY, MAY 27.
2.00 P.M. Interscholastic High School Meet at Tech Field.

THURSDAY, JUNE 1.
Senior Banquet.

FRIDAY, JUNE 2.
Alumni Reception.
6.30 P.M. California Club Dinner.

SATURDAY, JUNE 3.
8.00 P.M. Musical Clubs Concert in Huntington Hall.

SUNDAY, JUNE 4.

MONDAY, JUNE 5.
2.00 P.M. Class Day Exercises, Huntington Hall.
Senior Dance.

TUESDAY, JUNE 6.
2.00 P.M. Commencement Exercises, Huntington Hall.
8.00 P.M. Tech Night at Pops.

FACULTY NOTICES.

All theses must be handed in to me not later than 9 A.M., on Tuesday, May 22. If completed after this time they must be accompanied with a note of acceptance from the head of the department.

O. F. WELLS, *Recorder.*

NOTICES.

All men desiring choice seats in the Tech cheering section, for the Worcester Meet, may obtain them by applying to G. C. Simpson.

The Class Day special issue of THE TECH, will come out June 5. All those wishing copies mailed to them, please leave name and address at the Cage, with coupon 86, or five cents, in envelope provided for the purpose.

At a meeting of the California Club, held Wednesday afternoon, in 22 Rogers, the following officers for 1905-06 were elected: L. T. Mesmer, '06, President; A. E. Rippey, '06, Vice-President; L. C. Hampton, '07, Secretary and Treasurer; Dinner Committee, L. A. Parker, '06, and B. B. Holmes, '06. The Club will hold its first dinner on June 2. All California men are requested to inform the Secretary if they intend to be present.

The Tech

Published every Monday, Wednesday and Friday during the college year (from September to June), by students of the Massachusetts Institute of Technology.

Entered as second-class matter October 6, 1904, at the post office at Boston, Mass., under the Act of Congress of March 3, 1879.

With this issue, publication of THE TECH will be suspended until the special Class Day issue on June 5.

Courteous Action.

Although the error made by our Track management in sending the entries for the Worcester Meet to the wrong man cannot be denied, it is gratifying to know that the other colleges, as represented in the Executive Committee of the Association, have taken the action which was expected, and have refused to take advantage of a doubtful technical right to exclude our team from the games.

SUMMER SCHOOL OF TOPOGRAPHIC GEODETIC AND HYDRAULIC SURVEYING.

A party of between fifteen and twenty students and instructors of the Civil Engineering Department, composing the Summer School of Topographic, Geodetic and Hydraulic Surveying, will leave Boston the first week in June for East Machias, Me., where the school is to be held this year. Later in the month it is expected that Dean Burton will be able to be present and co-operate in the instruction and direction of the school.

The work will consist of an extension of the topographic survey commenced two years ago, field practice in triangulation and baseline measurement, the gauging of the East Machias River and the determination of mean sea level by tidal observation.

The party will return to Boston July 1.

MINING ENGINEERING SOCIETY.

A meeting of the Mining Engineering Society was held Wednesday at 4.30 P.M., in Room 2, Rogers. Shingles were given out to some of the new members. The business of electing officers for next year was postponed until the next meeting, which will be held May 27.

WANTED
Civil and Mechanical Engineering Graduates
after graduation to serve apprentice course in structural steel factory, eight months to a year on assembling, after which follows promotion to the drafting room. The positions pay $40 to $60 per month with advancement on ability. Other openings for good technical men. Write Engineering Agency, Monadnock Block, Chicago.

Institute in Chemistry and Physics. Each Institution will give its own instruction in all subjects, and no limit is placed on instruction, the limit being only as regards the giving of degrees. Technology can, under this agreement, add Latin and Greek to its curriculum, if it desires, but it could not give degrees in these subjects.

The interchange of students provided for is an interchange of a limited number of advanced students and research students.

The Department of Architecture has been omitted from this tentative plan for the simple reason that Harvard has buildings which can be used only for instruction in Architecture. If agreement in all other points can be reached, it was thought that some satisfactory solution of the architectural problem could be found later.

Male students in the Institute shall have the same privileges as students in Harvard University in the use of the playgrounds, museums and libraries of the University.

In the provision for the termination of the agreement at any time by the wish of either party, on condition that Technology pay for any buildings or fixtures upon the proposed site, paid for with funds furnished by the University, it is assumed in the first place that all buildings upon the new site shall be paid for by Technology, and belong to it.

The agreement shall take effect when finally adopted and approved by the Corporation and the Overseers of the University and the Corporation of the Institute, and when and if a decree of the Supreme Judicial Court, as provided for in the preamble of the proposed agreement, shall have been obtained.

GYMNASTICS.

COOPER'S SPRING NEEDLE DERBY RIBBED UNDERWEAR

FOR MEN OF REFINED TASTE

Is an underwear that appeals to men who wear good things. It is made of a fabric of remarkable elasticity, manufactured on the famous Spring-Needle Machine made by Charles Cooper and patented in nine countries.

The garments made from this fabric are of the finest yarns and their hygienic value is unsurpassed. They always retain their original shape even after the hardest wear. From first to last they maintain that same elegant, silky feel and easy comfortable and natural fit. They are made in two-piece and union suits, and in various sizes, weights and colors.

Be sure to ask your retail dealer for the genuine Cooper Spring-Needle Underwear. If he doesn't keep it refuse to purchase until you have seen our booklet "T" and samples of the Spring-Needle fabric. They are yours on request.

This trade mark is on every garment. Look for and insist upon it, or you will get one of the "other kinds" that is not "just as good."
